Krystal Clear Saltwater System CG-26669, 110-120V with GFCI

The Krystal Clear Saltwater System combines a unique two-stage technology to sanitize pool water. First, an undetectable level of natural, swimmer-safe chlorine is produced when natural salt is added to pool water and passes through a titanium coated electrolytic cell during the filtration process. The result is soft, fresh, clean water without the potential hard side effects of packaged pool chemicals.

This package also includes the Intex Krystal Clear Saltwater System. Its unique 2 stage technology uses an E.C.O. (electrocatalytic oxidation) process in which water molecules are split into highly powerful oxidants to destroy organic contaminants, such as bacteria and algae.

Intex 2800 GPH Pool Sand Filter Pump with Krystal Clear ...

Question: I recently purchased the Intex Krystal Clear saltwater system for my pool. I was under the understanding that I simply add the sufficient amount of salt to my pool after I fill it up, run the pump for 24 hrs to let it fully dissolve and then turn on the system every day for the suggested amount of time on the timer at night, no more chemicals, and a clean pool. 4 days into it I woke ...
